List of publications  
(S. Simion – selection)

S. Simion, G. Bartolucci, "CRLH unit cells – the key for a new design methods of distributed active and passive microwave devices and circuits” – invited

S. Simion, G. Bartolucci, "Design considerations and experimental results on composite right-/left-handed based distributed oscillator", Proceedings of the International Conference on Computer as a Tool, EUROCON 2015, Sept. 08-11, Salamanca, Spain, pp.381–386.

S. Simion, G. Bartolucci, R. Marcelli “Composite right/left handed based 3-port broadband differential phase shifter”, Proc. of the 41st European

G. Sajin, S. Simion, F. Craciunoiu, R. Marcelli, “Silicon supported microwave zeroth-order resonance antenna on metamaterial approach”, Proceedings of
